

What impact is our sports premium having on PE at Windmill?

As a result of buying into a package with our local secondary school, Raunds Manor, for the second year we are hoping to build links further. Again we aim to use the expertise of their staff to support our staff. Last year this enabled us to achieve our aims on our action plan; team teaching, up-skilling teachers, teacher training, taking part in new sports (extra-curricular and curriculum time) and increasing our participation in competitions (please find attached our record of clubs and activities/events). This year we are looking to improve this further (please see our overview of priorities). Further to this a priority this year is to immerse our children within the school games competitions.

We will again be using the funding to subsidise after/before school clubs. Over the recent academic year we used two sports agencies: Pacesetter and Premier Sports. This year we are continuing to subsidise a Zumba club which is led by a qualified fitness instructor.

In the Spring term we have planned to take our year 6's swimming again.

Looking forward, the sports clubs run by our staff are becoming more competitive too! Staff members are taking it upon themselves to organise fixtures with other schools. We also have phase leagues set up to also improve competitiveness.
