

Punctuation & Grammar at Windmill March 2017

The grammar of our first language is learnt naturally and implicitly through interactions with other speakers and from reading. Explicit knowledge of grammar is, however, very important, as it gives us more conscious control and choice in our language. Building this knowledge is best achieved through a focus on grammar within the teaching of reading, writing and speaking.

Primary National Curriculum 2014

The following policy explains when key grammar concepts are introduced and taught at Windmill Primary School. A consistent, whole school approach is essential to maximise the development of skills amongst our children. The policy also highlights key messages for children at Windmill in particular. These are learning points that are particularly relevant and important to our children.

In order to learn and apply grammar correctly and consistently it is vital that staff model correct and appropriate grammar at all times both in writing but more importantly when they are speaking. Children will be encouraged to apply their knowledge of grammar in their own speech and writing and to note where it is used by others and the effect it has.

Grammar terminology and key teaching points used at Windmill

Conjunction

A conjunction links two words or phrases together. There are two main types of conjunctions:

- co-ordinating conjunctions (*and, so, but*) link two independent clauses together with equal importance.
- subordinating conjunctions (e.g. *when, because*) introduce a subordinate clause and must be used alongside an independent/main clause.

Adverb & Adverbial

An adverb modifies or gives more detail a verb (He was soon snoring loudly), an adjective (He was really noisy), or even a whole clause (Unfortunately, it started to rain). Adverbs will often modify in terms of Time, Place or Manner (When, Where, How).

An adverbial is a word or phrase that is used to modify a verb or clause. Adverbs can be used as adverbials but so can other word groups e.g.

- *She finished her work this evening.* [noun phrase used as adverbial]
- *She finished when the teacher got cross.* [subordinate clause used as adverbial]

- The *bus leaves in five minutes*. [preposition phrase as adverbial: modifies *leaves*]
- *She promised to see him last night*. [noun phrase modifying either *promised* or *see*, according to the intended meaning]

Fronted adverbial

An adverbial which has been put at the start of a sentence. A fronted adverbial must have a comma after it.

Adjective

An adjective describes a noun. It can be used either before a noun to modify it e.g. He did some good work, or after the verb 'to be' e.g. His work was good.

'Would have' not 'would of'

In non-Standard English, speech the phrase 'would have' becomes 'would of'. Staff will try to model the correct pronunciation of the phrase; teach the correct way of writing it with an explanation about why this is grammatically correct; and also correct in children's writing.

'Were' not 'was'

Staff will teach the use of were after a plural noun eg We were running on the playground rather than We was running. Staff will also ensure they model the correct form of the verb in speech and correct mistakes in written work.

'That was' not 'what was'

Staff will model in speech and teach the correct use of 'that was' to provide additional information eg 'She held out the hand that was hurt' rather than, 'She held out the hand what was hurt'. NB The use of which here would also be correct eg She held out the hand, which was hurt. In these sentences, *that* and *which* are introducing what's known as a restrictive relative clause. This is a clause containing essential information about the noun that comes before it. Restrictive relative clauses can be introduced by *that*, *which*, *whose*, *who*, or *whom* but not *what* as is often spoken locally.

Apostrophes

From Year 2, children need to be able use an apostrophe for omission (ie where a letter is missing eg I'm) and to mark singular possession (eg the girl's name). In Year 4 children need to use apostrophes for plural possession (eg the girls' names). Apostrophes will be used in modelled writing from EYFS.

Nouns ending in s

There is no universal agreement about how to use an apostrophe to show possession where the common or proper noun ends in s so at Windmill, teachers follow the Oxford University Press guidelines as follows:-

Personal names that end in –s

With personal names that end in -s: add an apostrophe plus s when you would naturally pronounce an extra s if you said the word out loud:

He joined Charles's army in 1642.

Dickens's novels provide a wonderful insight into Victorian England.

Thomas's brother was injured in the accident.

Note that there are some exceptions to this rule, especially in names of places or organizations, for example: St Thomas' Hospital

If you aren't sure about how to spell a name, look it up in an official place such as the organization's website.

With personal names that end in -s but are not spoken with an extra s: just add an apostrophe after the -s:

The court dismissed Bridges' appeal.

Connors' finest performance was in 1991.

Plural nouns that end in –s

With a plural noun that already ends in -s: add an apostrophe after the s:

The mansion was converted into a girls' school.

The work is due to start in two weeks' time.

My duties included cleaning out the horses' stables.

Plural nouns that do not end in -s

With a plural noun that doesn't end in –s: add an apostrophe plus s:

The children's father came round to see me.

He employs 14 people at his men's clothing store.

The only cases in which you do **not** need an apostrophe to show belonging is in the group of words called possessive pronouns - these are the words *his, hers, ours, yours, theirs* (meaning 'belonging to him, her, us, you, or them') - and with the possessive determiners. These are the words *his, hers, its, our, your, their* (meaning 'belonging to or associated with him, her, it, us, you, or them'). See also it's or its?

Progression in skills

It should be noted that the following progression of skills is a suggested structure which should be used as guidelines for each year group's coverage. Children may not progress through at the same speed as their peers. These children should be supported in the class to access the same learning as the rest of their year group, whilst also addressing any gaps in their knowledge.

The table shows when concepts should be introduced first, not necessarily when they should be completely understood. It is very important, therefore, that the content in earlier years be revisited in subsequent years to consolidate knowledge and build on pupils' understanding.
